NOTE: TOPOGRAPHY TAKEN FROM AERIAL PHOTOS.

This plat of the resurvey of Township Nº 53 North, Range Nº 64 West of the Sixth Principal Meridian, Wyoming, delineates a retracement and reestablishment of the lines of the original survey as shown upon the plat approved July 18, 1883, in their true original position according to the best available evidence of the position of the original corners; all differences between the measurements shown on the original plat and those derived in the retracement have been distributed proportionally between accepted corners in accordance with surveying rules; reference will be made to the original plat for the showing of the areas and more detailed descriptions of the various smaller subdivisions, except in sections 15, 21 & 23, where the difference in area is so great as to warrant a recalculation of the public lands therein.

Resurvey authorized by Commissioner's letter "E" dated March 23, 1937.

Parts of this township are covered with a growth of ponderosa pine and oak.
