This plat of the resurvey of Township No. 30 North, Range No. 82 West, delineates a retracement and reestablishment of the lines of the original survey as shown upon the plat approved February 21, 1883, in their true original position according to the best available evidence of the position of the original corners; all differences between the measurements shown on the original plat and those derived in the retracement have been distributed proportionally between accepted corners in accordance with surveying rules. Reference will be made to the original plat for the showing of the areas, except in Secs. 3, 8 and 9, where fractional lots of public land have been created by the meanders of the North Platte River.
