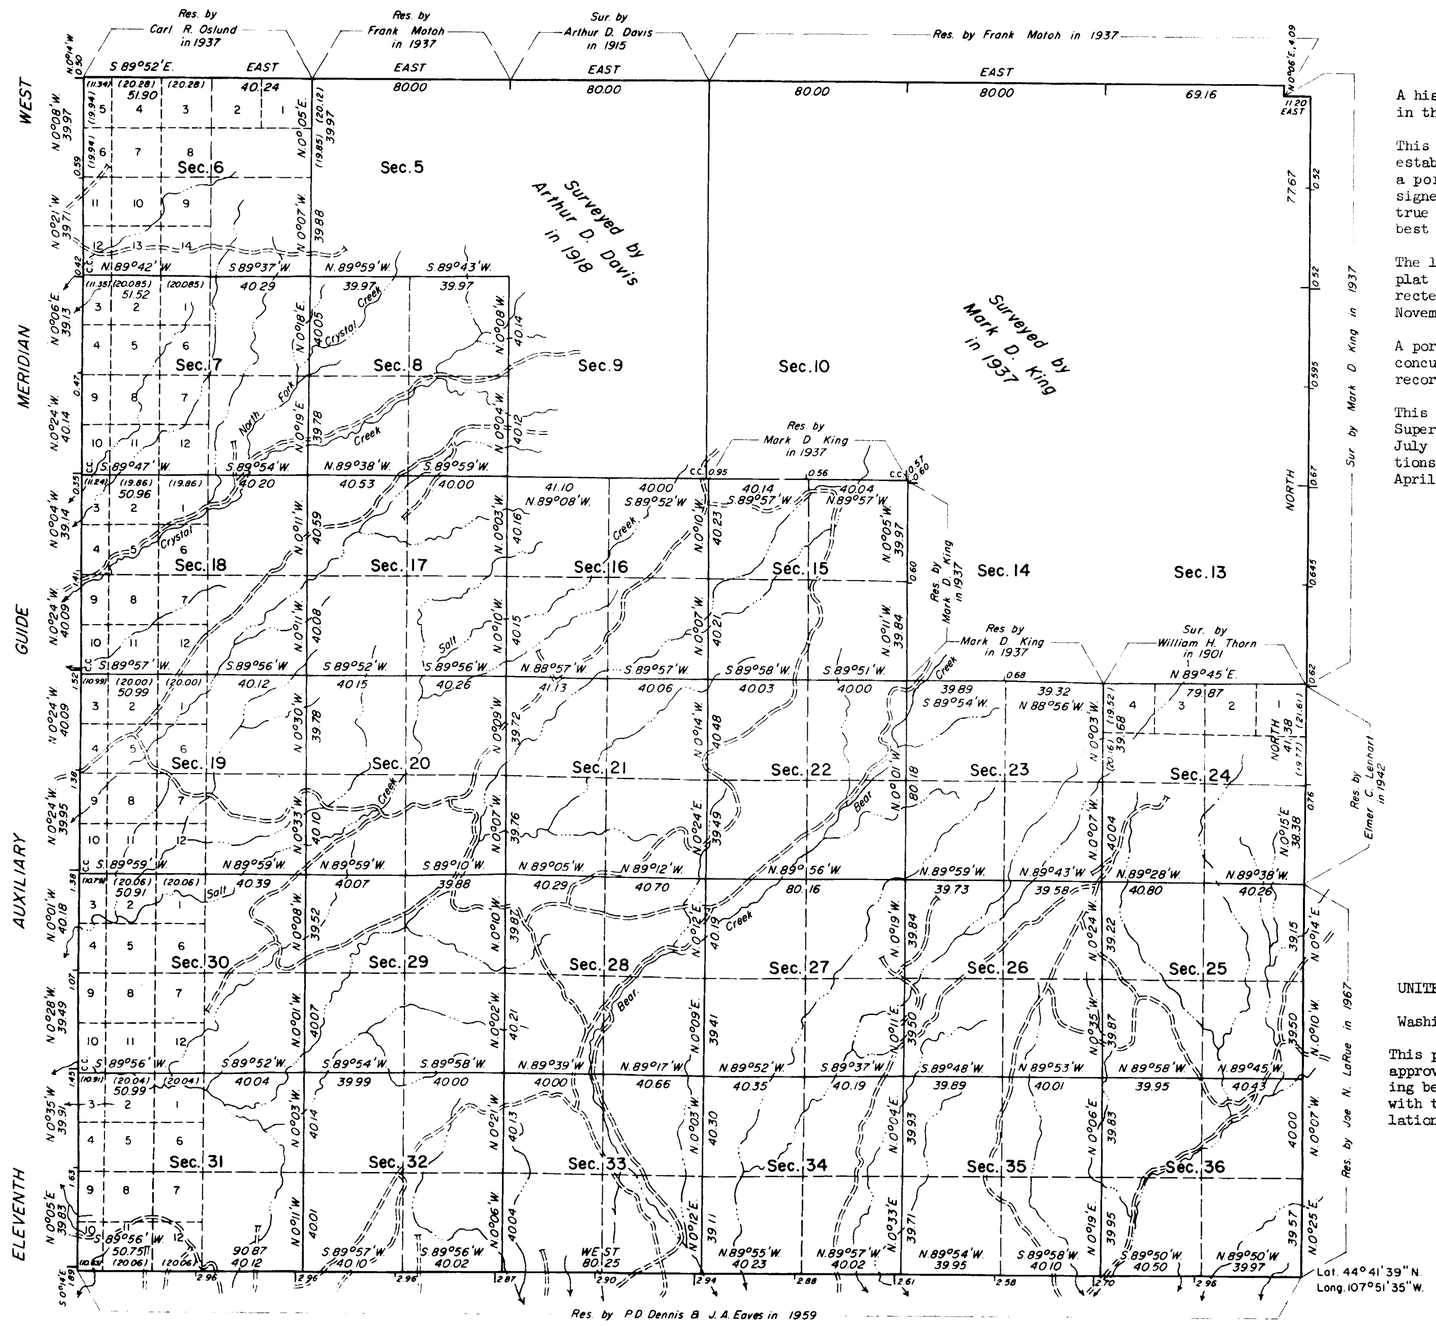
ORIGINAL

TOWNSHIP 55 NORTH, RANGE 92 WEST OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING.

DEPENDENT RESURVEY



A history of previous surveys is contained in the field note record.

This plat represents a retracement and re-establishment of the west boundary and of a portion of the subdivisional lines, designed to restore the corners in their true original locations according to the best available evidence.

The lottings and areas are as shown on the plat approved November 13, 1890, and corrected April 6, 1901, and the plat approved November 8, 1919.

A portion of the east boundary was executed concurrently and appears in the field note record of T. 55 N., R. 91 W.

This resurvey was executed by Joe N. LaRue, Supervisory Cadastral Surveyor, June 14 to July 27, 1967, pursuant to Special Instructions for Group No. 311, Wyoming, dated April 28, 1967.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Washington, D. C. November 3, 1969

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.
