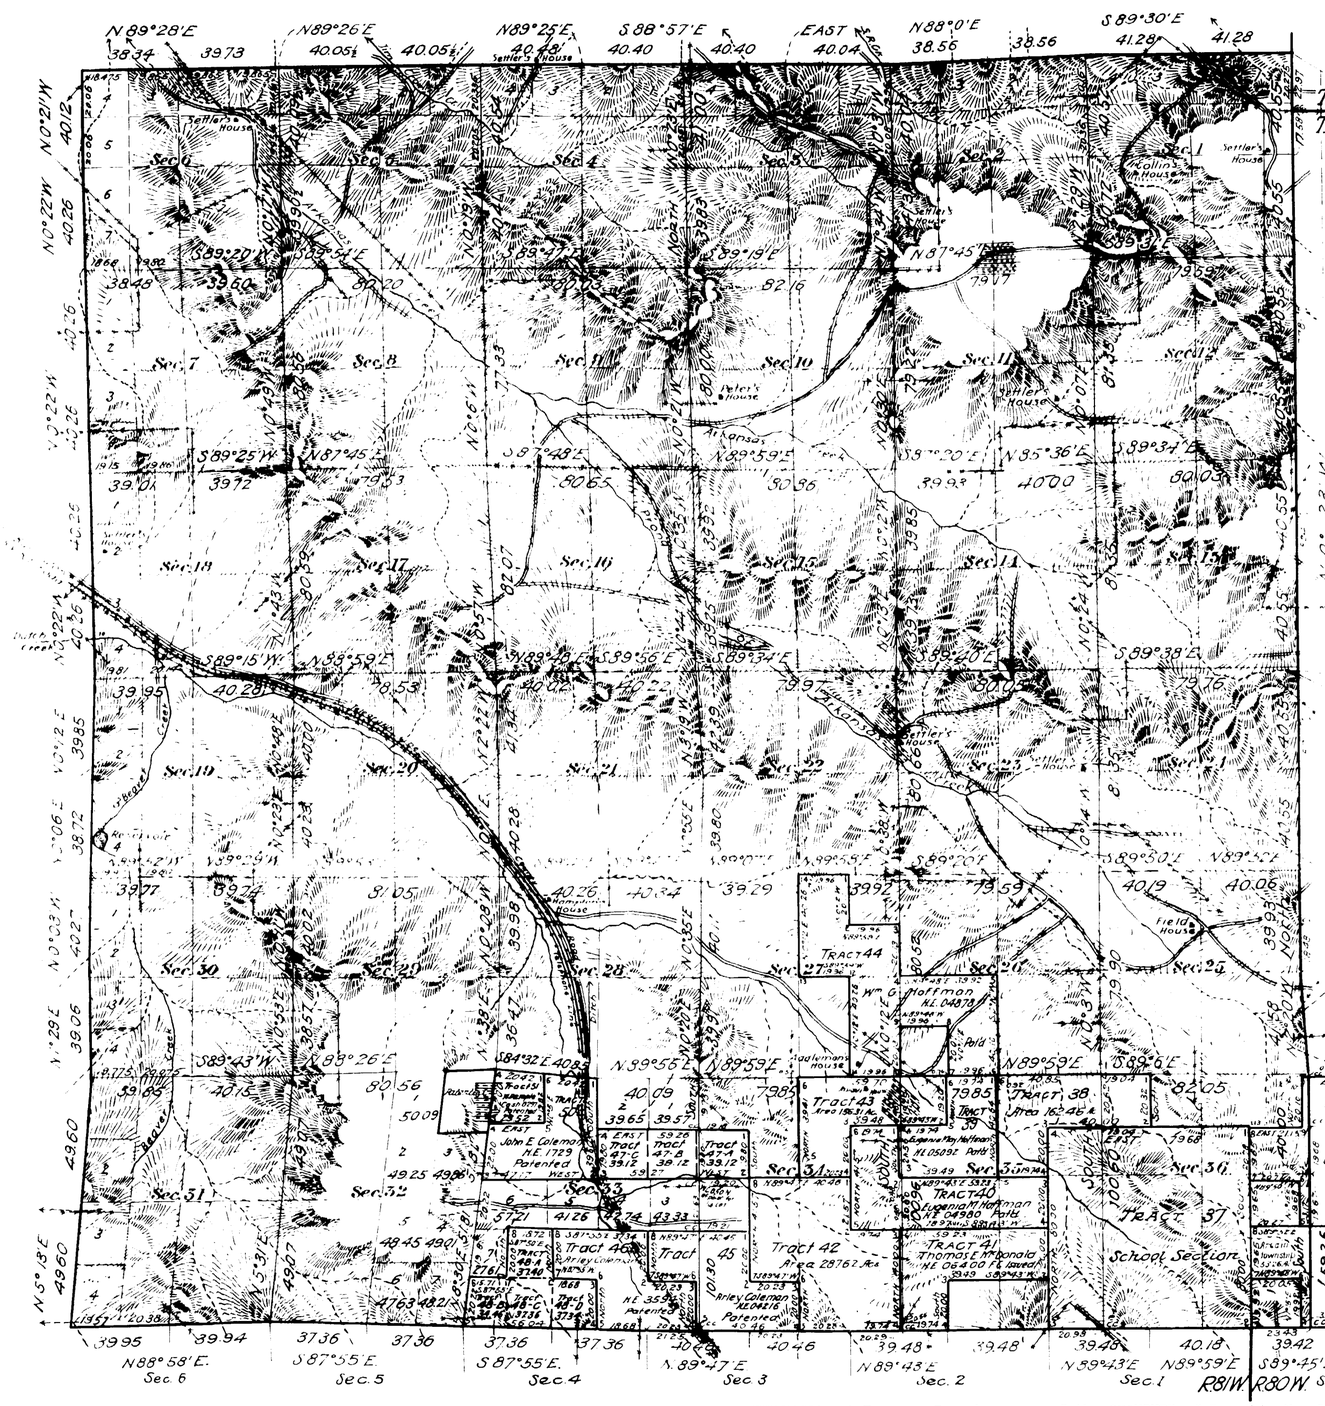
Resurvey Township No 55 North, Range No 81 West of the Sixth Principal Meridian, Wyoming



See INDEX DIAGRAM
" SUPPLEMENTAL PLAT No. 2 for S.E. Quadrant of Township.

The RESURVEY represented by this plat was made for the purpose of restoring all lost or obliterated corners and re-locating and marking out on the ground the EXTERIOR and SUBDIVISIONAL lines, in accordance with the original survey approved December 9, 1881; except in the case of Sections 33, 34, 35 and 36, the meridional boundaries of which have been resurveyed without reference to the record of the original township survey.

Titles based upon the original plat remain undisturbed for position and description in Secs. 1 to 32, inclusive, except that HE No. 0[illegible] of W. G. HOFFMAN is segregated as TRACT 44 and that HE No. 06761 of MYRTLE F. ADDLEMAN is segregated as TRACT 43 (in Sec. 34) and conformed to the lines of the RESURVEY under different legal subdivisions (in Sec. 27), for all of which see SUPPLEMENTAL PLAT No. 2, showing S.E. Quadrant of the township drawn to a larger scale, and Supplemental Plat showing INDEX to segregated and conformed tracts.

All dispositions of record in Secs. 33, 34, 35 and 36 appear hereon as SEGREGATED TRACTS.

All vacant public lands in the East half of Sec. 32 and Sec. 33 will be subject to disposal on the basis of this plat and all vacant public lands in Secs. 1, 2, 24, 25, 26, 27, 34, 35 and 36, whether shown as LEGAL SUBDIVISIONS or FRACTIONAL LOTS will be subject to disposal on the basis of SUPPLEMENTAL PLAT No. 2.

All [illegible] lines of the RESURVEY represent the position and form of said TRACTS under the original description as referred to the original survey; located as such on the ground according to the best available evidence of their true position.

The discrepancies in the relative positions of TRACTS 44, 43, P.L.S. 06[illegible], H. E. No. 06761 and other segregated tracts with reference to the claims conforming to the lines of the resurvey are caused by irregularities in the original survey.
