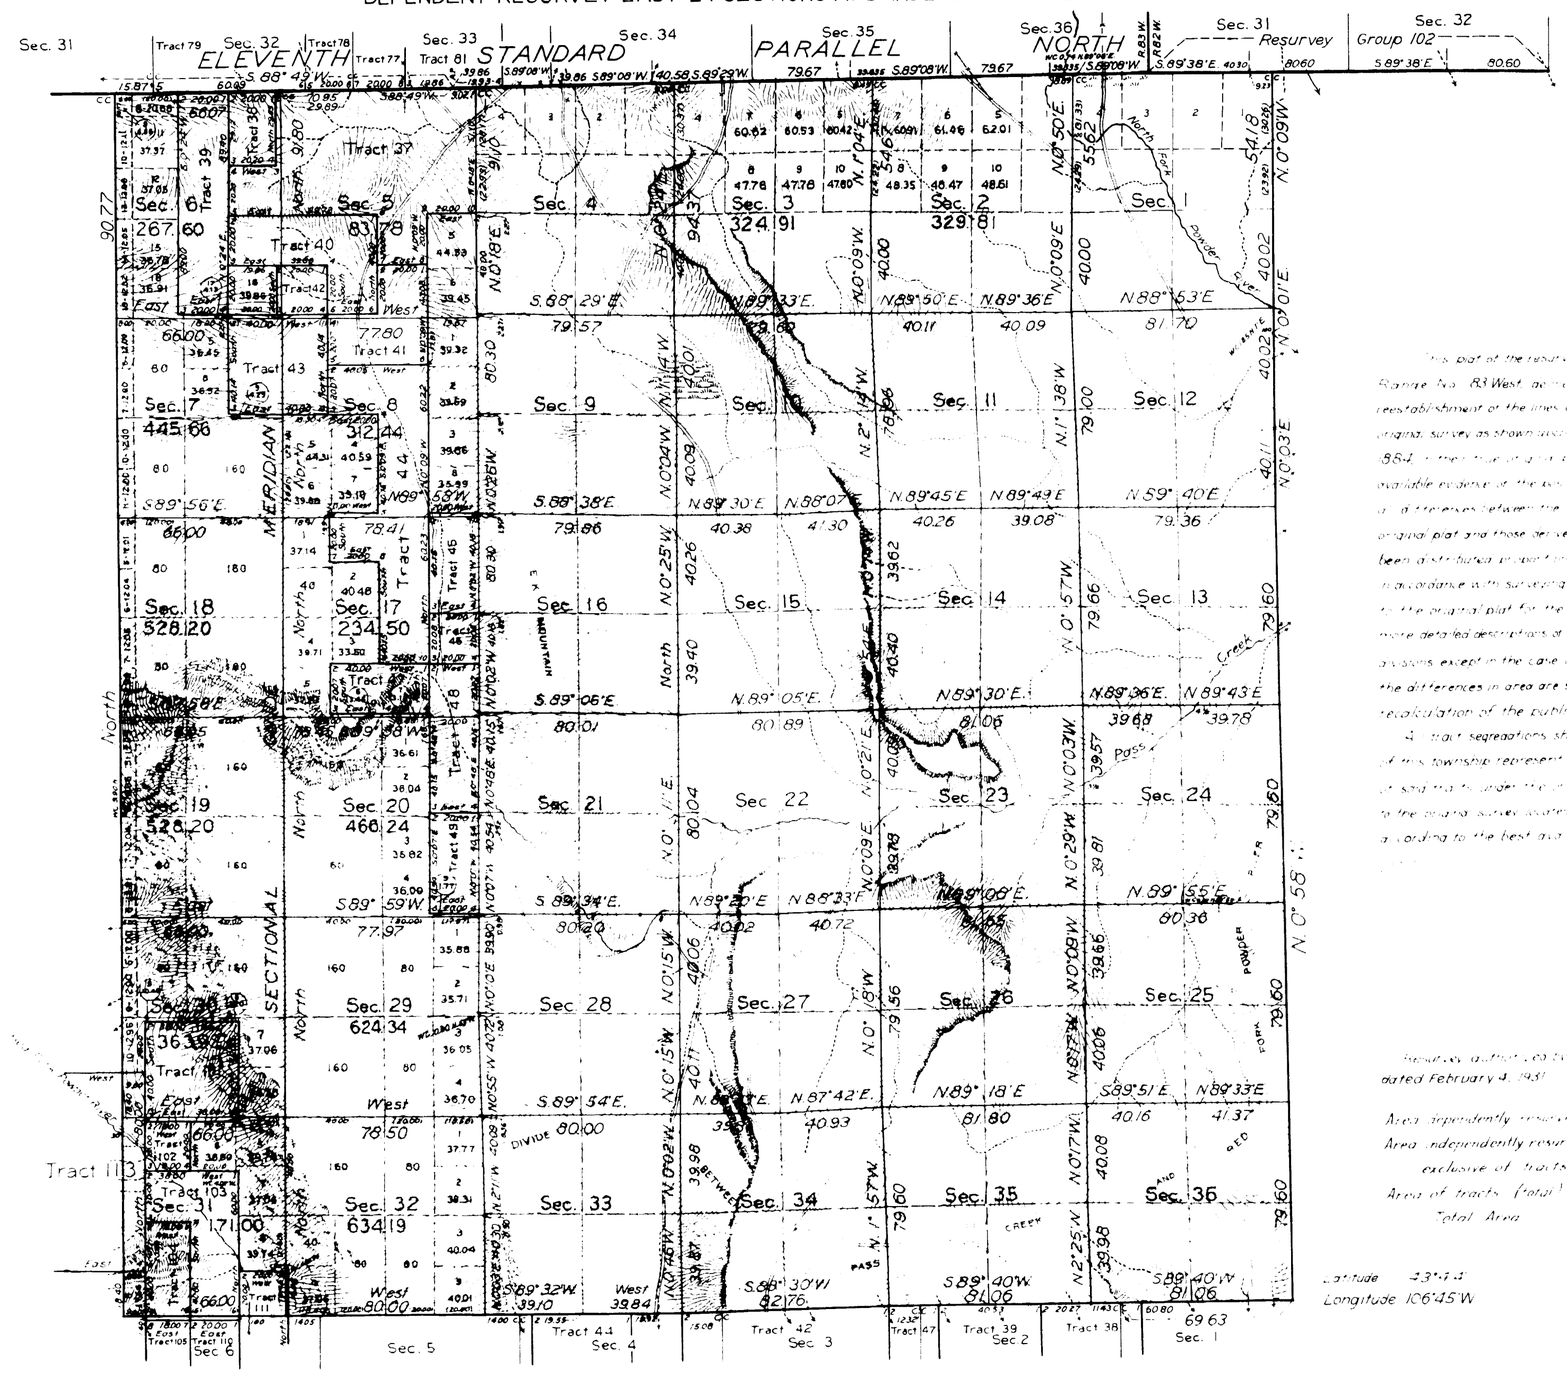
Sheet No. 1

TOWNSHIP No. 44 NORTH, RANGE No. 83 WEST OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING

DEPENDENT RESURVEY EAST 24 SECTIONS AND INDEPENDENT RESURVEY WEST 12 SECTIONS

IN 2 SHEETS



This plat of the resurvey of Township forty-four North, Range Eighty-three West, accepts a re-establishment and reestablishment of the lines of the east and west boundaries of sections of the original survey as shown upon the plat approved on February 8, 1864. In the case of a few sections in the original survey, available evidence of the location of the corners of these sections is at variance with the lines as shown on the original plat and those derived from the resurvey have been distributed proportionately between adjoining sections in accordance with surveying practice. Reference is made to the original plat for the showing of the corners and more detailed descriptions of the various small or sub-divisions except in the case of sections 3 and 5, where the differences in area are so great as to warrant a recalculation of the public lands therein.

All segregations shown on the west boundary of this township represent the position and form of said line as under the original survey and are referred to the original survey monuments as found on the ground according to the best and able evidence of their true

Resurvey authorized by Commissioner's letter "A" dated February 4, 1931

Area independently resurveyed	15,640.70
Area independently resurveyed exclusive of tracts	4,660.07
Area of tracts (total)	2,371.85
Total Area	22,672.64

Latitude 43°14'
Longitude 106°45'W
