				12	SE¼NW¼, SW¼

The plat of the resurvey of Township No. 43 North, Range 88 West, discloses a retracement and reestablishment of the lines of the south, and some of the original survey is now upon the plat approved February 15, 1896, in their true original locations, and the remainder of the original lines are shown for comparison only. Differences between the original and resurvey are due to inherent inaccuracies of the methods employed in the original survey, and to the impracticability of retracing the original lines in accordance with the present rules, or to discrepancies in the original measurements.

The meanderings of the present left bank of the Buffalo Fork of the Nowood River, in sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, and 36, of T. 43 N., R. 88 W., represent the present and form of the tracts under the original description as referred to the original survey, located as nearly as may be on the ground according to the best available evidence of the original lines.

Resurvey authorized by the Commissioner's Letter "E" dated March 28, 1929
