No. 3. Index to Segregated Tracts

Note: All claims shown hereon as segregated tracts are intended to represent the position and form of said tracts under their original description as referred generally to the plan of the original surveys; located as such on the ground, in the presence of the confusion arising out of the unrelated original survey of the exterior and subdivision lines by Downey and Grant and unrelated survey by Owen, in 1891, as lands intended to be conveyed by the patents, and under these conditions, according to the best available evidence of their true position.

Note: State lands, not segregated, in secs. 4, 5, 6, 7, 8, 9, 17, 18, 19, 20 and 21, are shown conformed to the lines of the resurvey, executed by Mr. W. H. Clark, in accordance with directions given in Commissioner's letter "E", dated April 3, 1920.
