

TOWNSHIP 51 NORTH, RANGE 72 WEST, OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING.

CORRECTIVE DEPENDENT RESURVEY

SURVEY INFORMATION AND CERTIFICATE

This plat represents the entire record of the corrective dependent resurvey of a portion of the Ninth Guide Meridian West, Township 51 North, between Ranges 72 and 73 West, designed to restore the corners to their original locations according to the best available evidence.

The history of earlier surveys pertaining to this resurvey is as follows.

Louis F. Stahle surveyed the Ninth Guide Meridian West in 1882. Dell Cazier and Dale C. Wilson dependently resurveyed a portion of the Ninth Guide Meridian West in 1978, during the dependent resurvey of T. 51 N., R. 72 W.

Ted L. McMahon, Wyoming Professional Land Surveyor, Registration No. 6811, purported the bearings and distances of the line between sections 31 and 36, T. 51 N., Rs. 72 and 73 W., did not conform to the official record by a substantial amount. A field investigation substantiated the purported findings and confirmed errors in measurements. This corrective dependent resurvey as shown hereon, corrects the measurements between sections 31 and 36, and the areas of the lots. The corner positions were not affected and are as described in the field notes of the 1978 dependent resurvey of the west boundary of T. 51 N., R. 72 W.

The survey was executed with TRIMBLE Model 5800 Global Positioning System (GPS) receivers. The GPS procedures used were in accordance with IM No. 2001-187, "Standards and Guidelines for Cadastral Surveys Using Global Positioning System Methods" dated July 26, 2001. The geographic position was determined by Global Positioning methods.

The area embraced by this survey is situated in the central portion of Campbell County, approximately 4 miles northwest of Gillette, Wyoming. Access is provided by trail roads.

I Joel T. Ebner, Cadastral Surveyor, HEREBY CERTIFY, upon honor, that in pursuance of Special Instructions dated March 6, 2007, and Assignment Instructions dated March 6, 2007, for Group Number 765, Wyoming, I have corrected a portion of the dependent resurvey of the line between Township 51 North, Ranges 72 and 73 West, Sixth Principal Meridian, Wyoming, and that this plat in one sheet represents the entire record of this survey. Survey executed March 7, 2007, and has been made in strict conformity with the Special Instructions, the Manual of Surveying Instructions for the Survey of the Public Lands of the United States, 1973, and in the specific manner described hereon.

Signature of Joel T. Ebner, Cadastral Surveyor, dated March 17, 2008.

UNITED STATES DEPARTMENT OF THE INTERIOR BUREAU OF LAND MANAGEMENT

Cheyenne, Wyoming March 17, 2008

This plat representing the entire record of this survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

For the Director, Signature of John P. Lee, Chief Cadastral Surveyor for Wyoming
