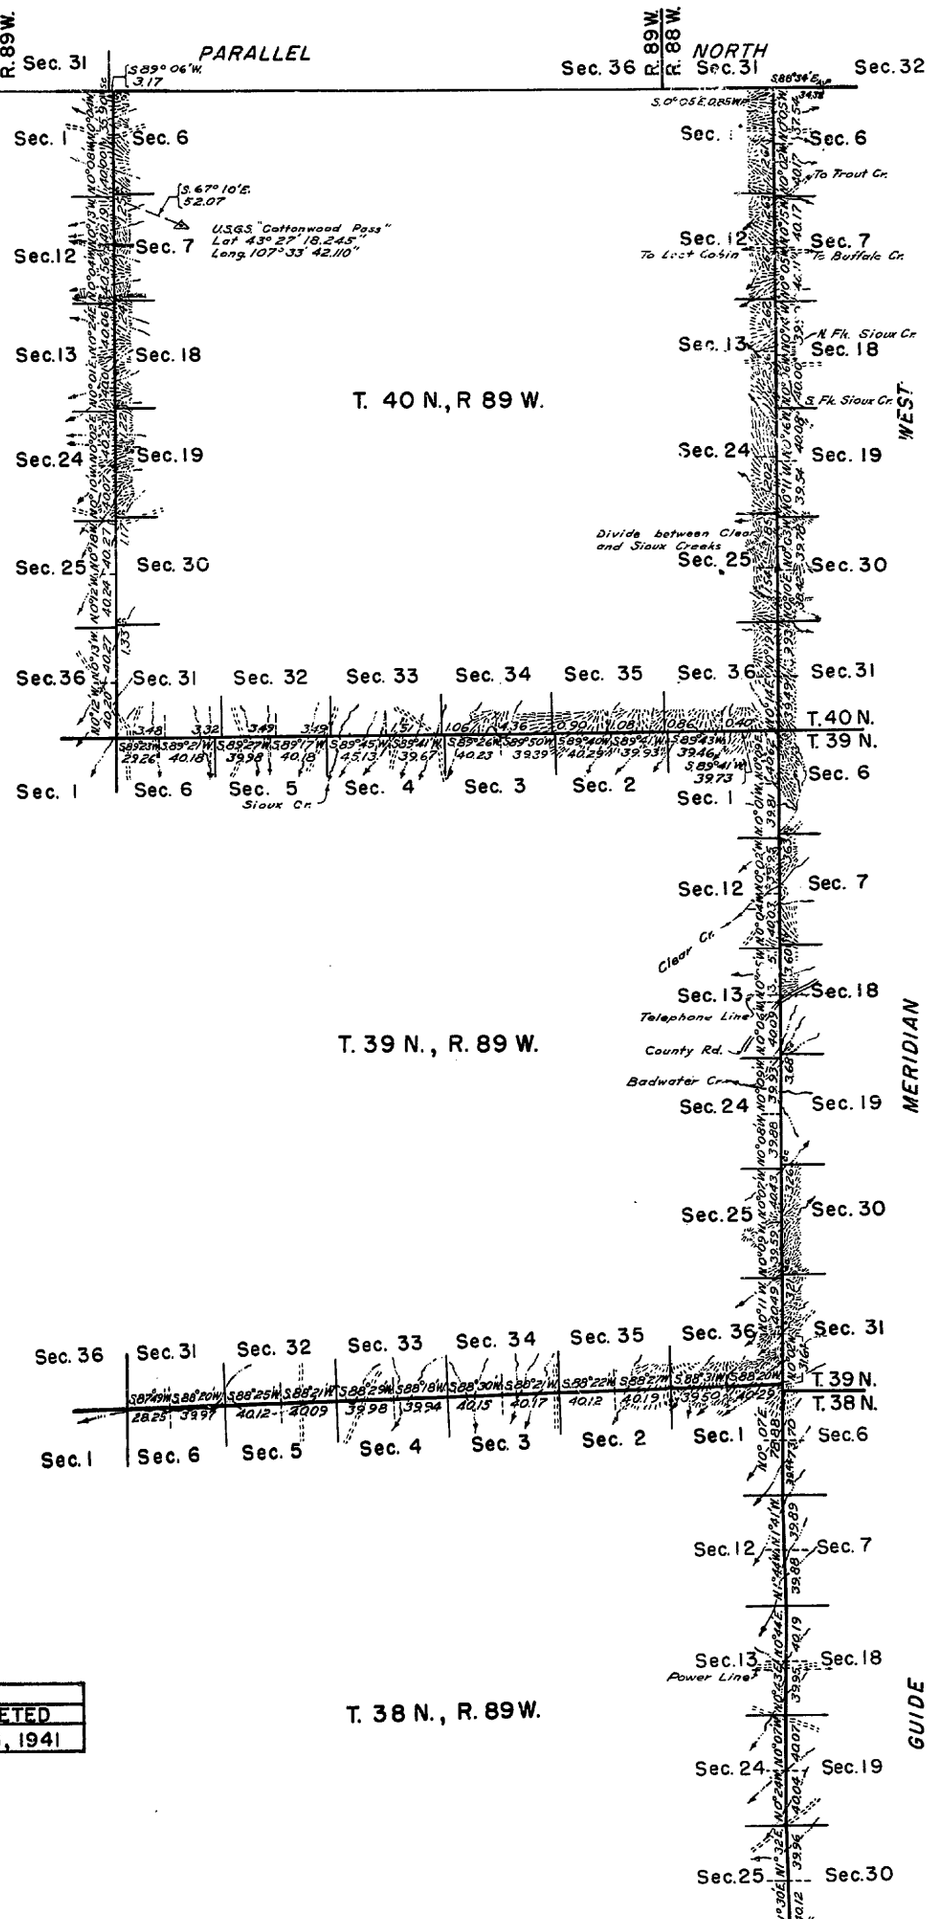
DEPENDENT RESURVEY OF EXTERIOR LINES

TENTH STANDARD PARALLEL NORTH

Memorandum

This plat delineates a retracement and reestablishment of the lines of the original survey in their true original positions according to the best available evidence of the position of the original corners; all differences between the measurements shown on the original plat and those derived in the retracement have been distributed proportionally between accepted corners in accordance with surveying rules.



Resurvey authorized by Commissioner of the General Land Office letter "E" dated August 18, 1939
