This plat of the resurvey of Township No. 43 North, Range No. 88 West, Sixth Principal Meridian, Wyoming, represents the results of the resurvey of the lines of the south and west boundaries and the subdivisional lines of the original survey, as now upon the last approved field notes on file in the General Land Office, and the retracement of the lines of the original meanders of the Buffalo Fork of the Powder River, the Big Horn River, and the Big Horn Canal, and the establishment of certain meanders of the present Buffalo Fork of the Powder River, between accepted corners in accordance with the instructions and rules governing the survey of meanders of navigable streams, and the determination of the areas of the lots and tracts of land fronting thereon, and the segregation of the same into tracts of agricultural land and tracts of mineral land, in accordance with the act of Congress approved June 22, 1910 (36 Stat. 583).

The boundaries, subdivisions, and the areas of sections of T. 43 N., R. 88 W., represented by this plat, and the character and value of the lands and tracts under the various descriptions as returned by the original survey, located as shown on the ground according to the field notes of the resurvey thereof, are as follows:

Resurvey authorized by the Commissioner's Order "E" dated March 28, 1929
