January 8, 2009

To: Participating Agencies

From: Chairperson, Rocky Mountain Area Fuels and Fire Use Committee

Subject: Annual Fuels and Fire Use Workshop and Prescribed Fire Burn Boss Refresher

The Annual Rocky Mountain Area Fuels and Fire Use workshop is scheduled for February 10-12, 2009 at the US Department of Interior Bureau of Land Management Wyoming State Office at 5353 Yellowstone RD, Cheyenne WY 82009 (See attached map). A block of hotel rooms has not been reserved. A list of hotels in the vicinity of the Wyoming State Office is attached for your use in making your own lodging arrangements.

Attendance at this session will satisfy the Forest Service FSM 5140 requirements that all Type 1 and 2 Burn Bosses attend a refresher every other year. This session will also convey four (4) hours credit for the annual fire safety refresher requirement.

There will be an opportunity for units to share success stories or other information through poster displays during the session. If you would like to display a poster please contact me at 303-275-5307 or plangowski@fs.fed.us.

We invite attendance from all federal, state and local agencies, along with other cooperators that work in the fuels and fire use disciplines. As a reminder, we are asking that units RSVP to Angela Gee (amgee@fs.fed.us) by January 27, 2009 the number of attendees from their unit/agency to ensure we have sufficient seating.

Sincerely,

/s/ PAUL G LANGOWSKI
