Quantum 2D Geophysical Project

May 13, 2002

Dear Reader:

Attached you will find the Decision Record, Finding of No Significant Impact, and Environmental Assessment for Quantum's 2D Geophysical Project located on existing, pre-FLPMA (Federal Land Policy and Management Act) oil and gas leases within the Adobe Town Wilderness Study Area (WSA).

The environmental assessment was prepared after a 30-day public scoping period. All issues raised during scoping have been considered.

BLM appreciates the public's participation during preparation of the environmental analysis. The documents can be found on the Rock Springs Field Office's website. The address for Rock Springs' website is [http://www.wy.blm.gov/rsfo/rs\\_index.htm](http://www.wy.blm.gov/rsfo/rs_index.htm). Copies are also available at the Rock Springs Field Office in Rock Springs. You may call Teri Deakins at 307-352-0211 to request copies. If you have questions about this action, please call John MacDonald at 307-352-0238.

Sincerely,

Field Manager
