MONTANA

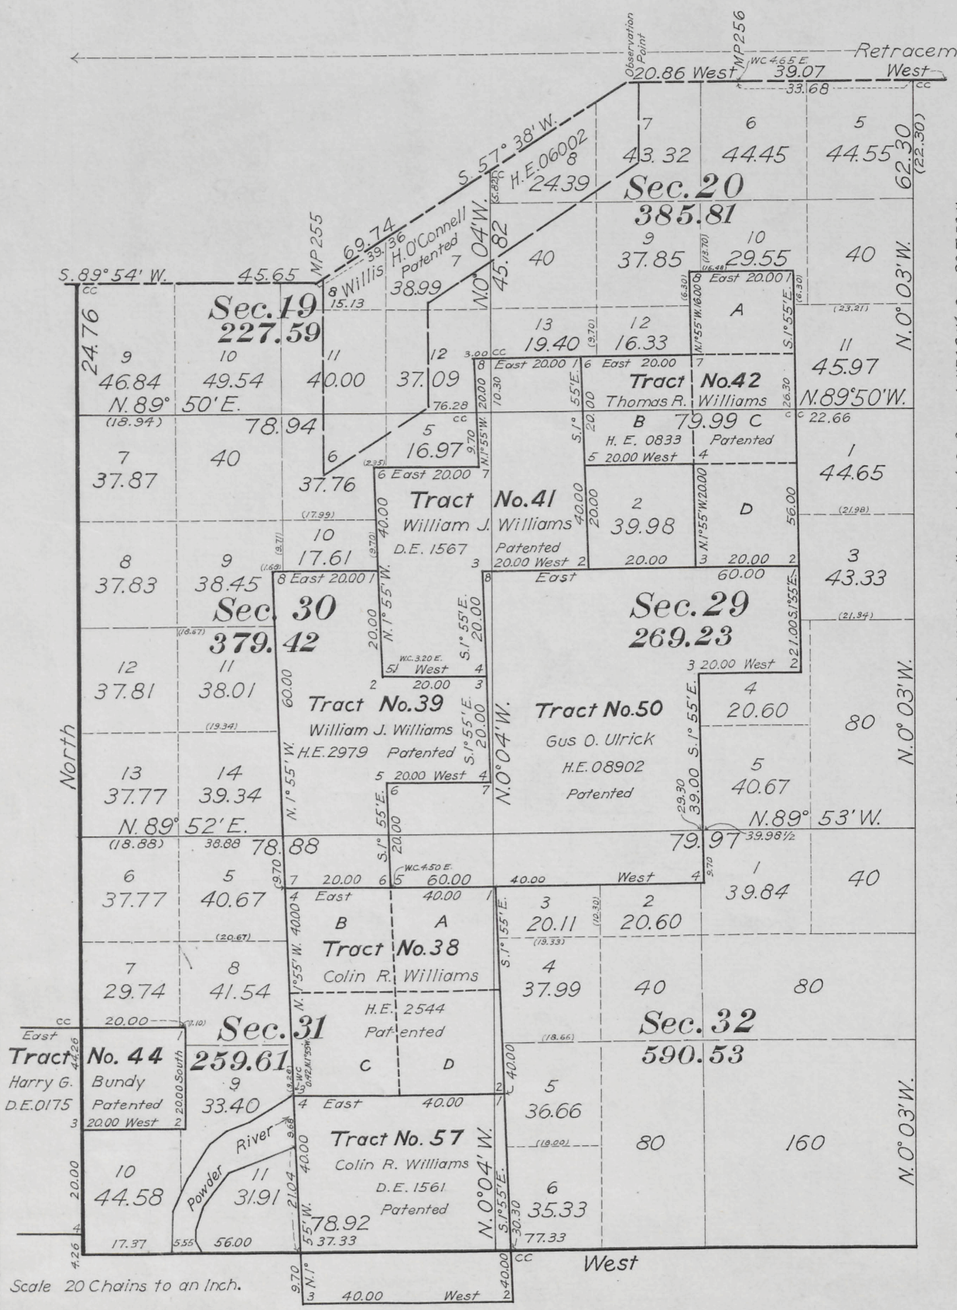
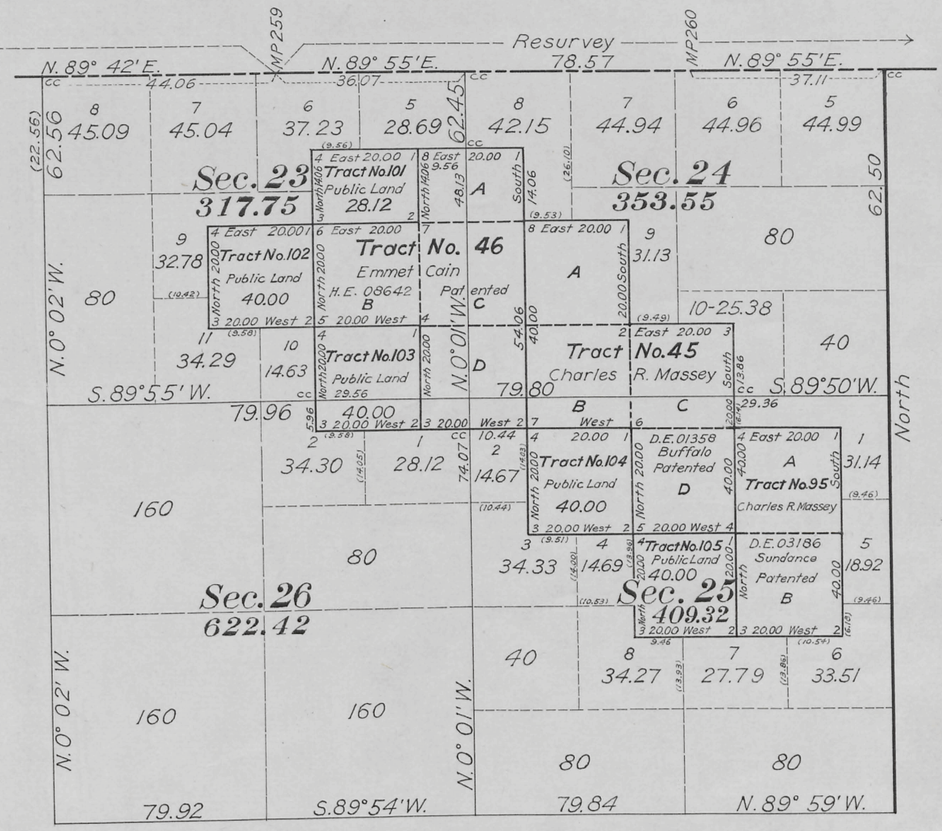
Sections 19, 20, 23, 24, 25, 26, 29, 30, 31 and 32.





Note: The boundaries of patented H.E., Buffalo 06002, of Willis H. O'Connell, for Lots 1, 2, 3, and NE¼SW¼ Sec. 20, T. 58 N., R. 75 W. described in terms of the original township survey approved April 30, 1884, are protracted in their original position on this plat in the independent resurvey of Secs. 19 and 20, for the purpose of facilitating a redescription of this entry in terms of the subdivisions lated survey conditions present, it was known that in any event an amendment of the description of this entry in terms of the subdivisions of the resurvey would be necessary before the entryman could obtain title to those other subdivisions which he is actually occupying. No attempt has therefore been made to provide a resurvey description for the entry in advance of this amendment. The protraction serves primarily as a location basis from which to redescribe the entry, in order to amend it from the original description as given above, to embrace those contiguous subdivisions of the resurvey which are selected and designated in terms of this plat.

COMPONENT SUBDIVISIONS OF TRACTS 38, 42, 45, 46 AND 95				
Resurvey			Description by Original Survey	
Tract No.	Sub-tract	Area	Section	Subdivision
