

TOWNSHIP 29 NORTH, RANGE 100 WEST, OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING.

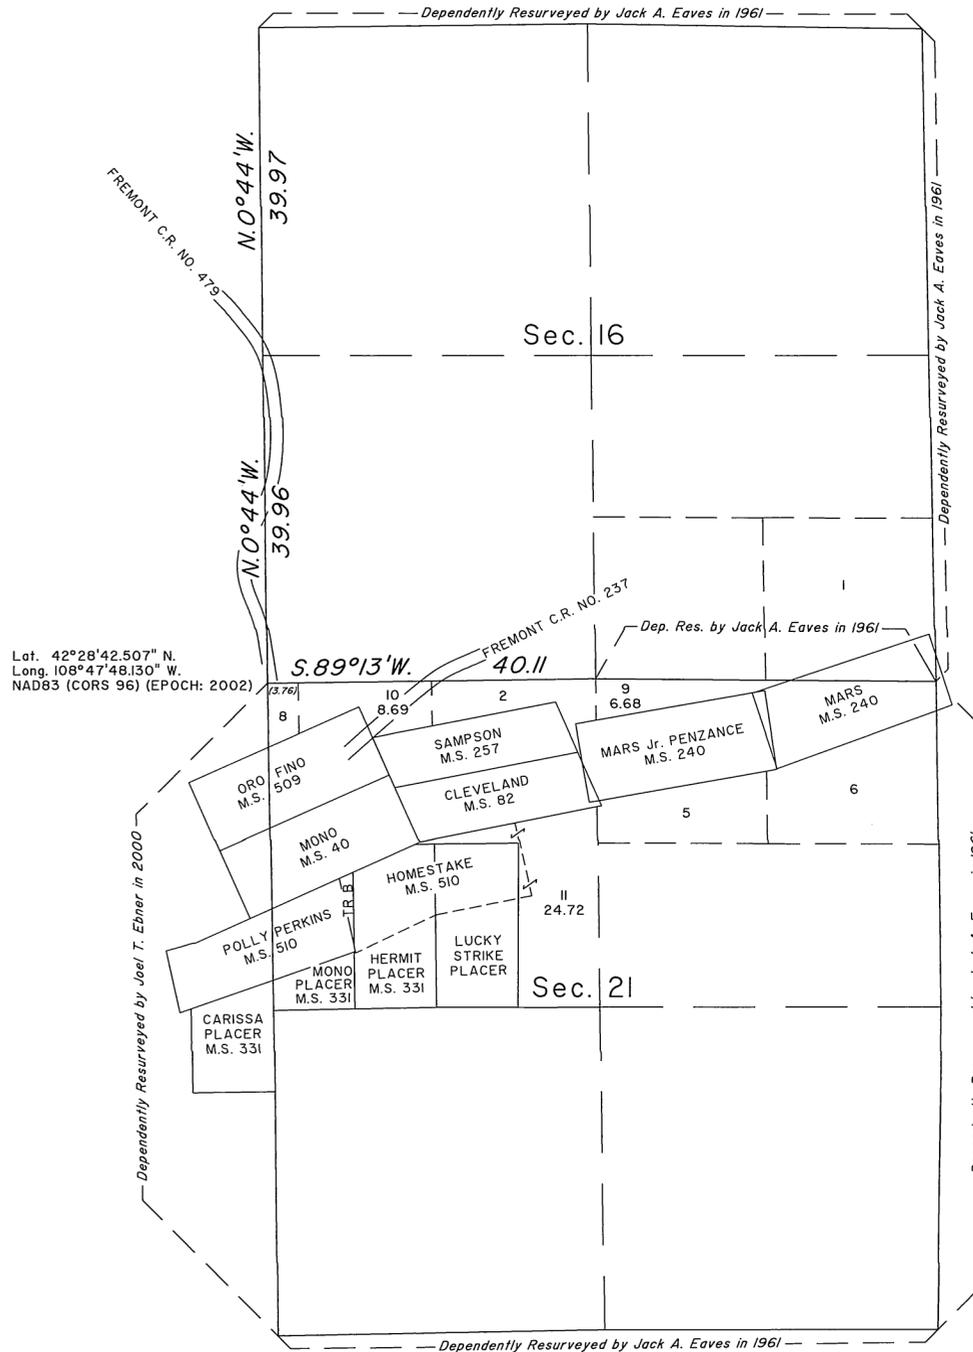

CORRECTIVE DEPENDENT RESURVEY AND SUPPLEMENTAL PLAT SHOWING AMENDED LOTTING IN SECTION 21

Sec. 9

Sec. 17

Sec. 16

Sec. 15

Lat. 42°28'42.507" N.
Long. 108°47'48.130" W.
NAD83 (CORS 96) (EPOCH: 2002)

A history of surveys is contained in the field notes.

This plat represents the corrective dependent resurvey of portions of the subdivisional lines, designed to restore the corners in their true original locations according to the best available evidence, and amended lotting in section 21, T. 29 N., R. 100 W., Sixth Principal Meridian, Wyoming.

The Lucky Strike Placer ($W\frac{1}{2}SE\frac{1}{4}NW\frac{1}{4}$ Sec. 21), a patented mining claim included in Patent No. 41250, was not shown on the 1963 dependent resurvey plat or the 1967 supplemental plat. Additionally, the Homestake lode claim, which was not patented (not included in Patent No. 921834, issued for other lode claims in M.S. 510), was incorrectly depicted on the above cited plats as being patented, consequently section 21 was incorrectly lotted on those plats. The amended lotting in section 21 shown on this plat corrects these findings.

Except as indicated hereon, the lotting and areas are as shown on the plat approved August 6, 1963 and supplemental plat approved November 24, 1967.

Survey executed by Olian T Shockley, Cadastral Surveyor, beginning September 21 2011, and completed September 26, 2011, pursuant to Special Instructions and Assignment Instructions dated September 19, 2011, for Group No. 849, Wyoming.
