Connecting	"	"	"	9	1.15	"	"

This plat of the resurvey of Township No. 45 North, Range No. 83 West, delineates a retracement and reestablishment of the lines of the east half of the original survey as shown upon the plat approved July 31, 1884, in their true original position according to the best available evidence of the position of the original corners; all differences between the measurements shown on the original plat and those derived in the retracement have been distributed proportionally between accepted corners in accordance with surveying rules; reference will be made to the original plat for the showing of the areas and more detailed descriptions of the various smaller subdivisions

All tract segregations shown on the west half of this plat of T. 45 N., R. 85 W. represent the position and form of said tracts under the original description as referred to the original survey, located as such on the ground according to the best available evidence of their true position

Office of U.S. Supervisor of Surveys
Denver, Colorado, December 4, 1926.
The above plat of Township No. 45 North, Range No. 83 West of the Sixth Principal Meridian, Wyoming, in 4 sheets, is strictly conformable to the field notes of the survey thereof which have been examined and approved.

Frank A. Johnson
U.S. Supervisor of Surveys.
