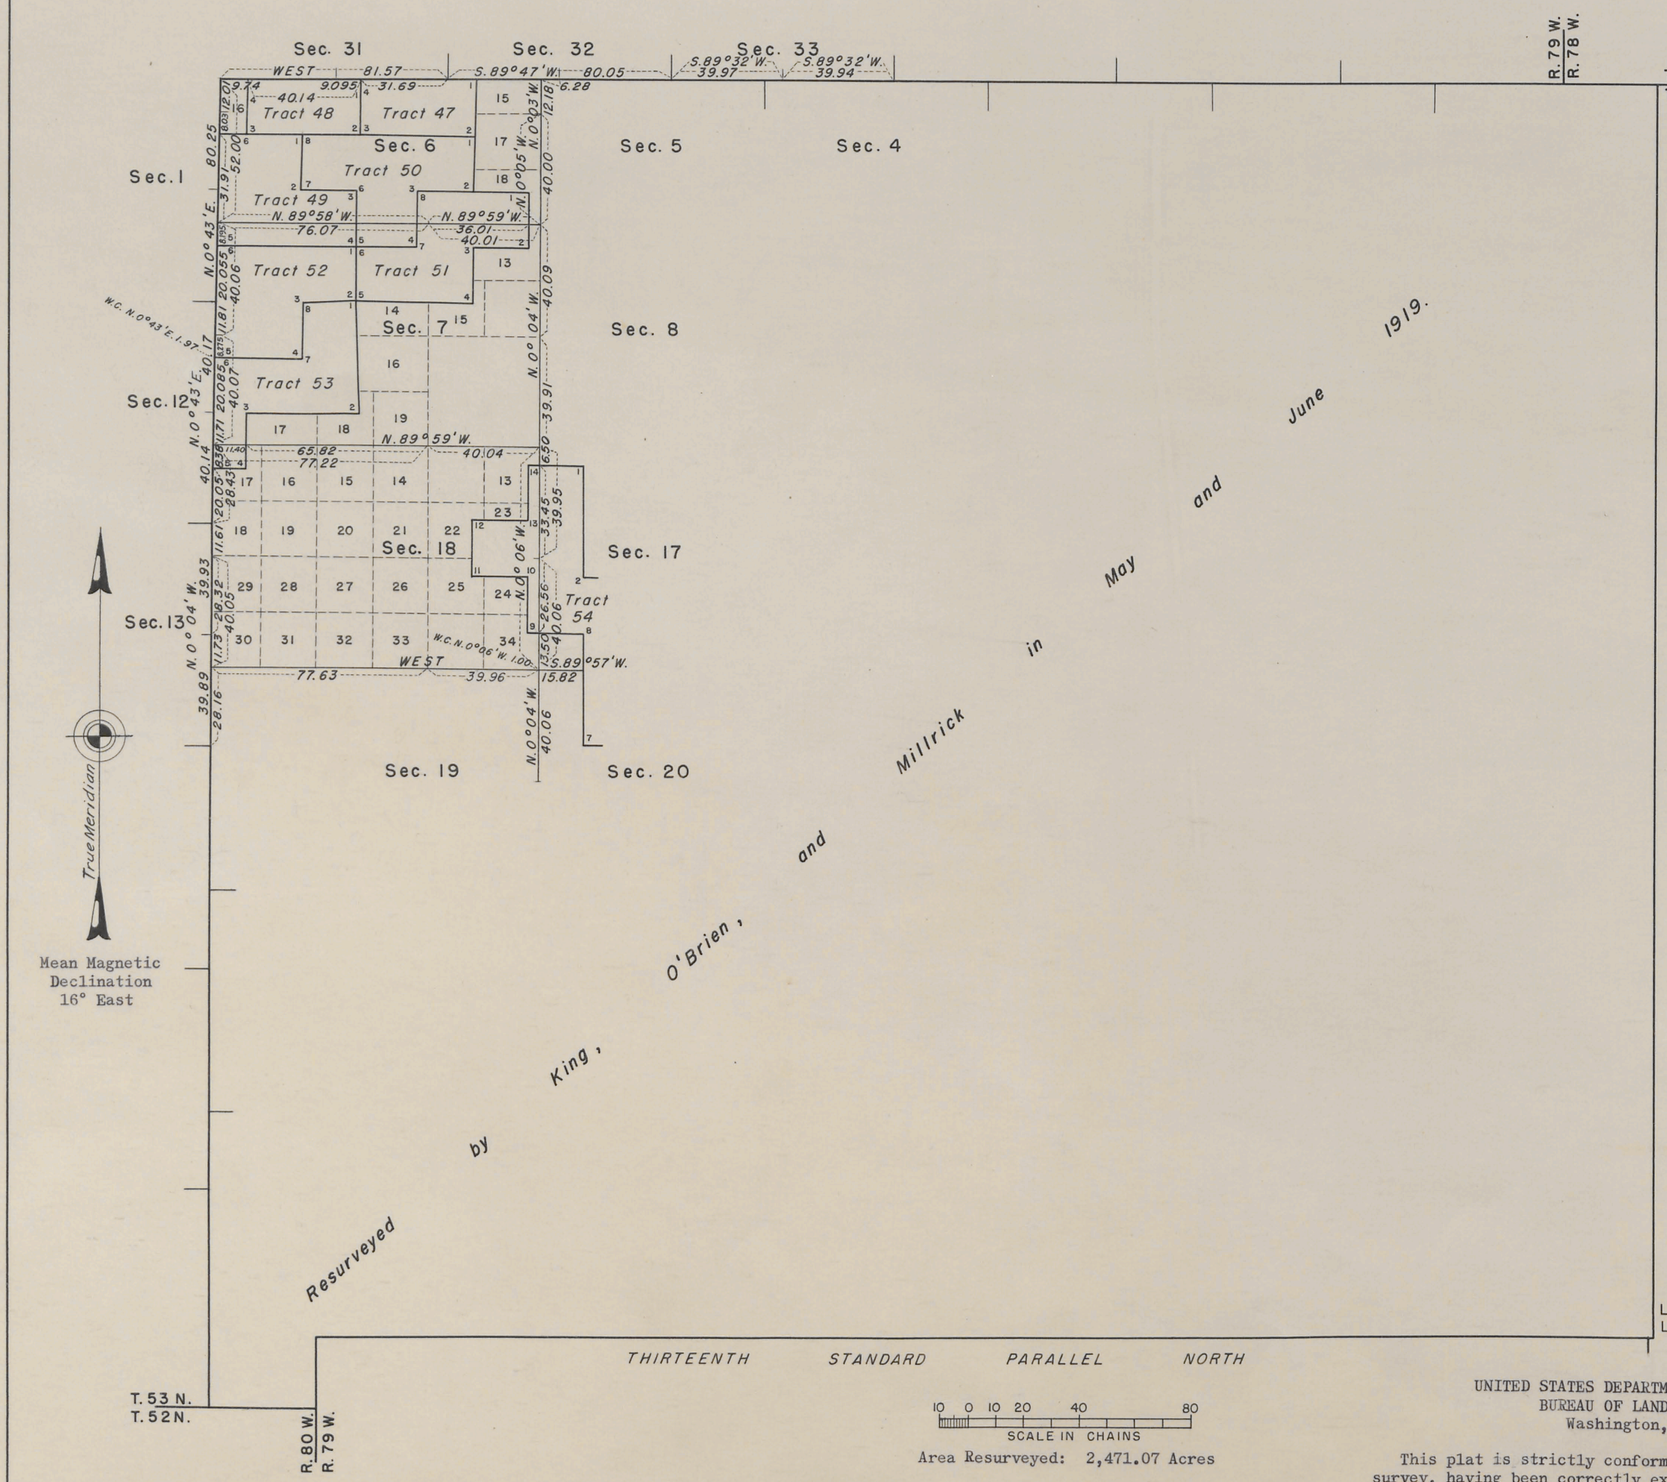
ORIGINAL

TOWNSHIP Nº 53 NORTH, RANGE Nº 79 WEST, OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING.



This plat represents a retracement and reestablishment of portions of the original township boundary and portions of the subdivisional lines as independently resurveyed by King, O'Brien and Millnick in 1919, designed to restore all corners in their original locations according to the best available evidence. The lottings and areas are as shown on the plat approved November 15, 1920.

RECEIVED
AUG 8 1952
Bureau of Land Management
Land and Survey Office
Cheyenne, Wyoming

Latitude 44° 31' N.
Longitude 106° 18' W.

Area Resurveyed: 2,471.07 Acres

Portions of north boundary resurveyed by King, O'Brien, and Millnick in 1919.

Resurvey of portions of the west boundary and subdivisional lines executed by Ernest Parker and Roswell M. Humphrey July 13 to July 16, 1948 under Special Instructions for Group 209 Wyoming, dated April 5, 1946.

J.G.H.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Washington, D. C., May 26, 1952

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

Index to Segregated Tracts

All tract segregations shown hereon and all other claims shown to conform to the lines of the resurvey, whether by the original or new legal subdivisions, represent the position and form of said tracts under the original description as referred to the original survey, located as such on the ground according to the best available evidence of their true position.

The discrepancies in the relative position of segregated tracts is accounted for by the fact that the original corners on the South and West boundaries of the township are not properly related.
