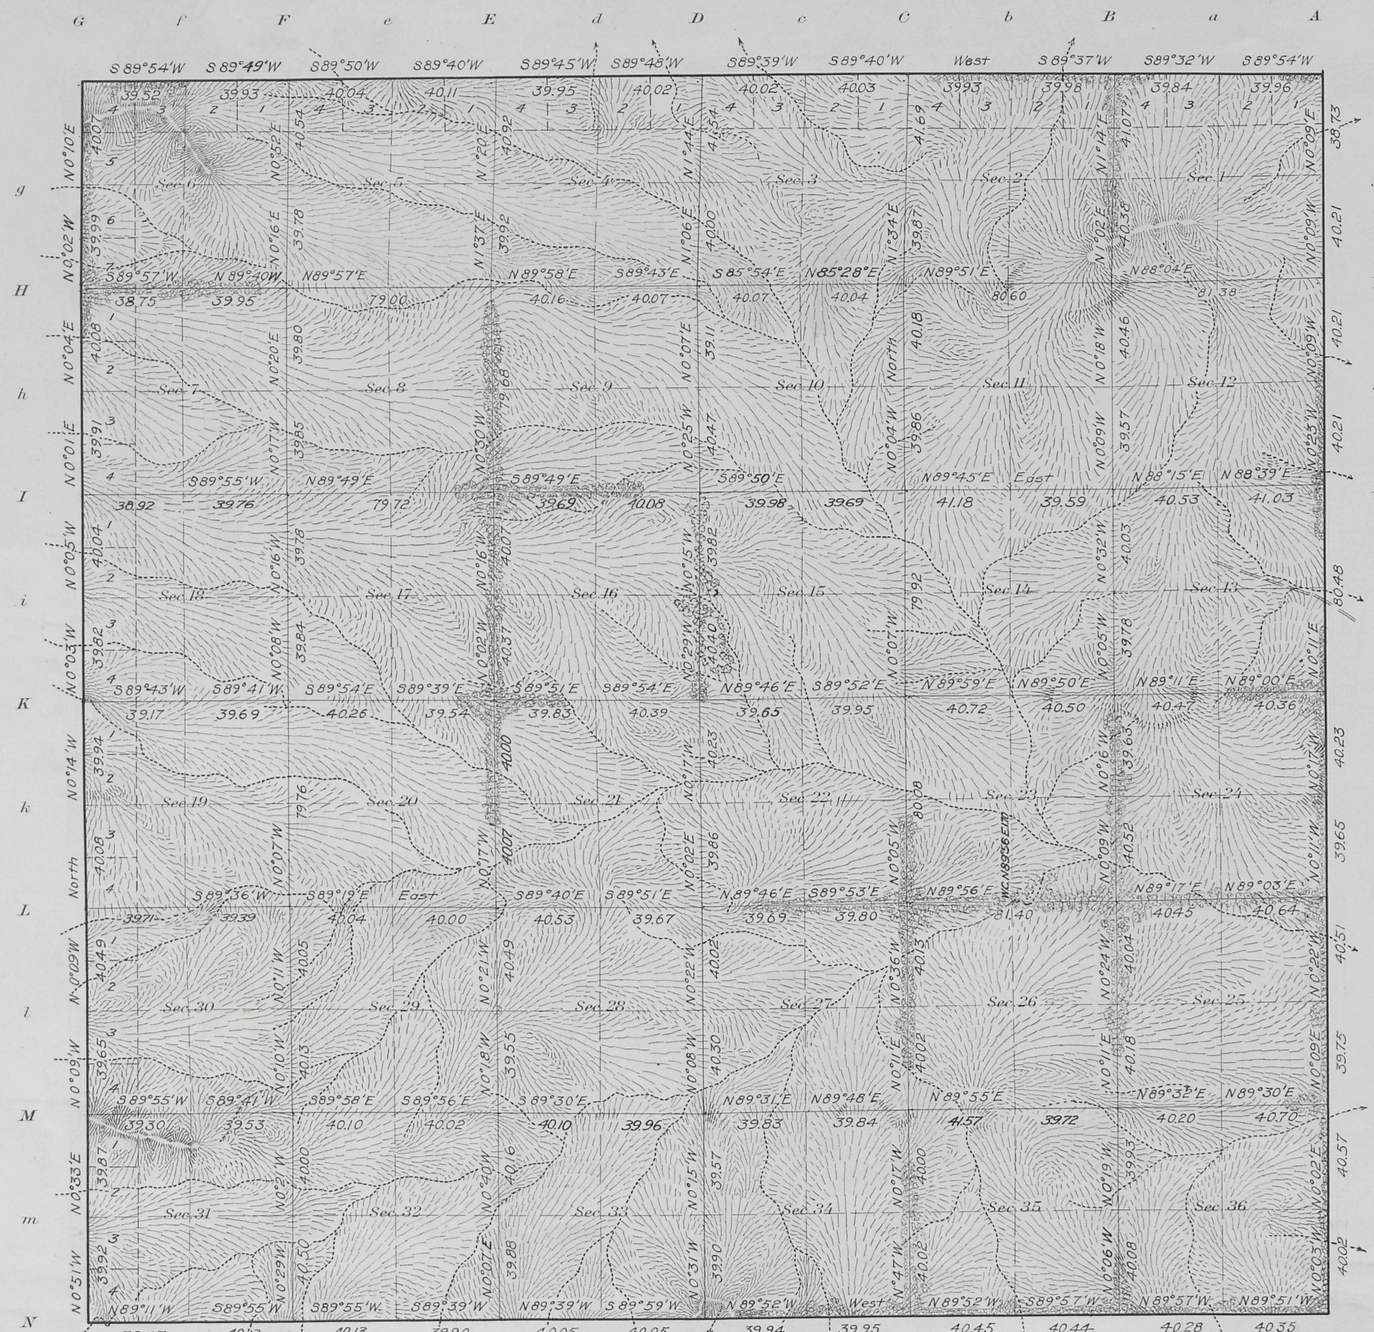
(4-675 a)

Resurvey Township No. 18 North, Range No. 110 West of the Sixth Principal Meridian, Wyoming.



Note

The resurvey represented by this plat was made for the purpose of restoring to their original positions all lost or obliterated corners necessary to define the boundaries of the sections and quarter-sections in accordance with the original survey of the township as approved November 17, 1874. Said corners being restored to their original positions, the boundaries of lands in each section are unchanged from those fixed by the original survey, the plat of which remains in full force and effect. No areas are therefore shown on this plat.

¼ cor 28/29 reported to be marked for 27/28. See letter Sidney S. Alderman, Jr. 7-27-59
