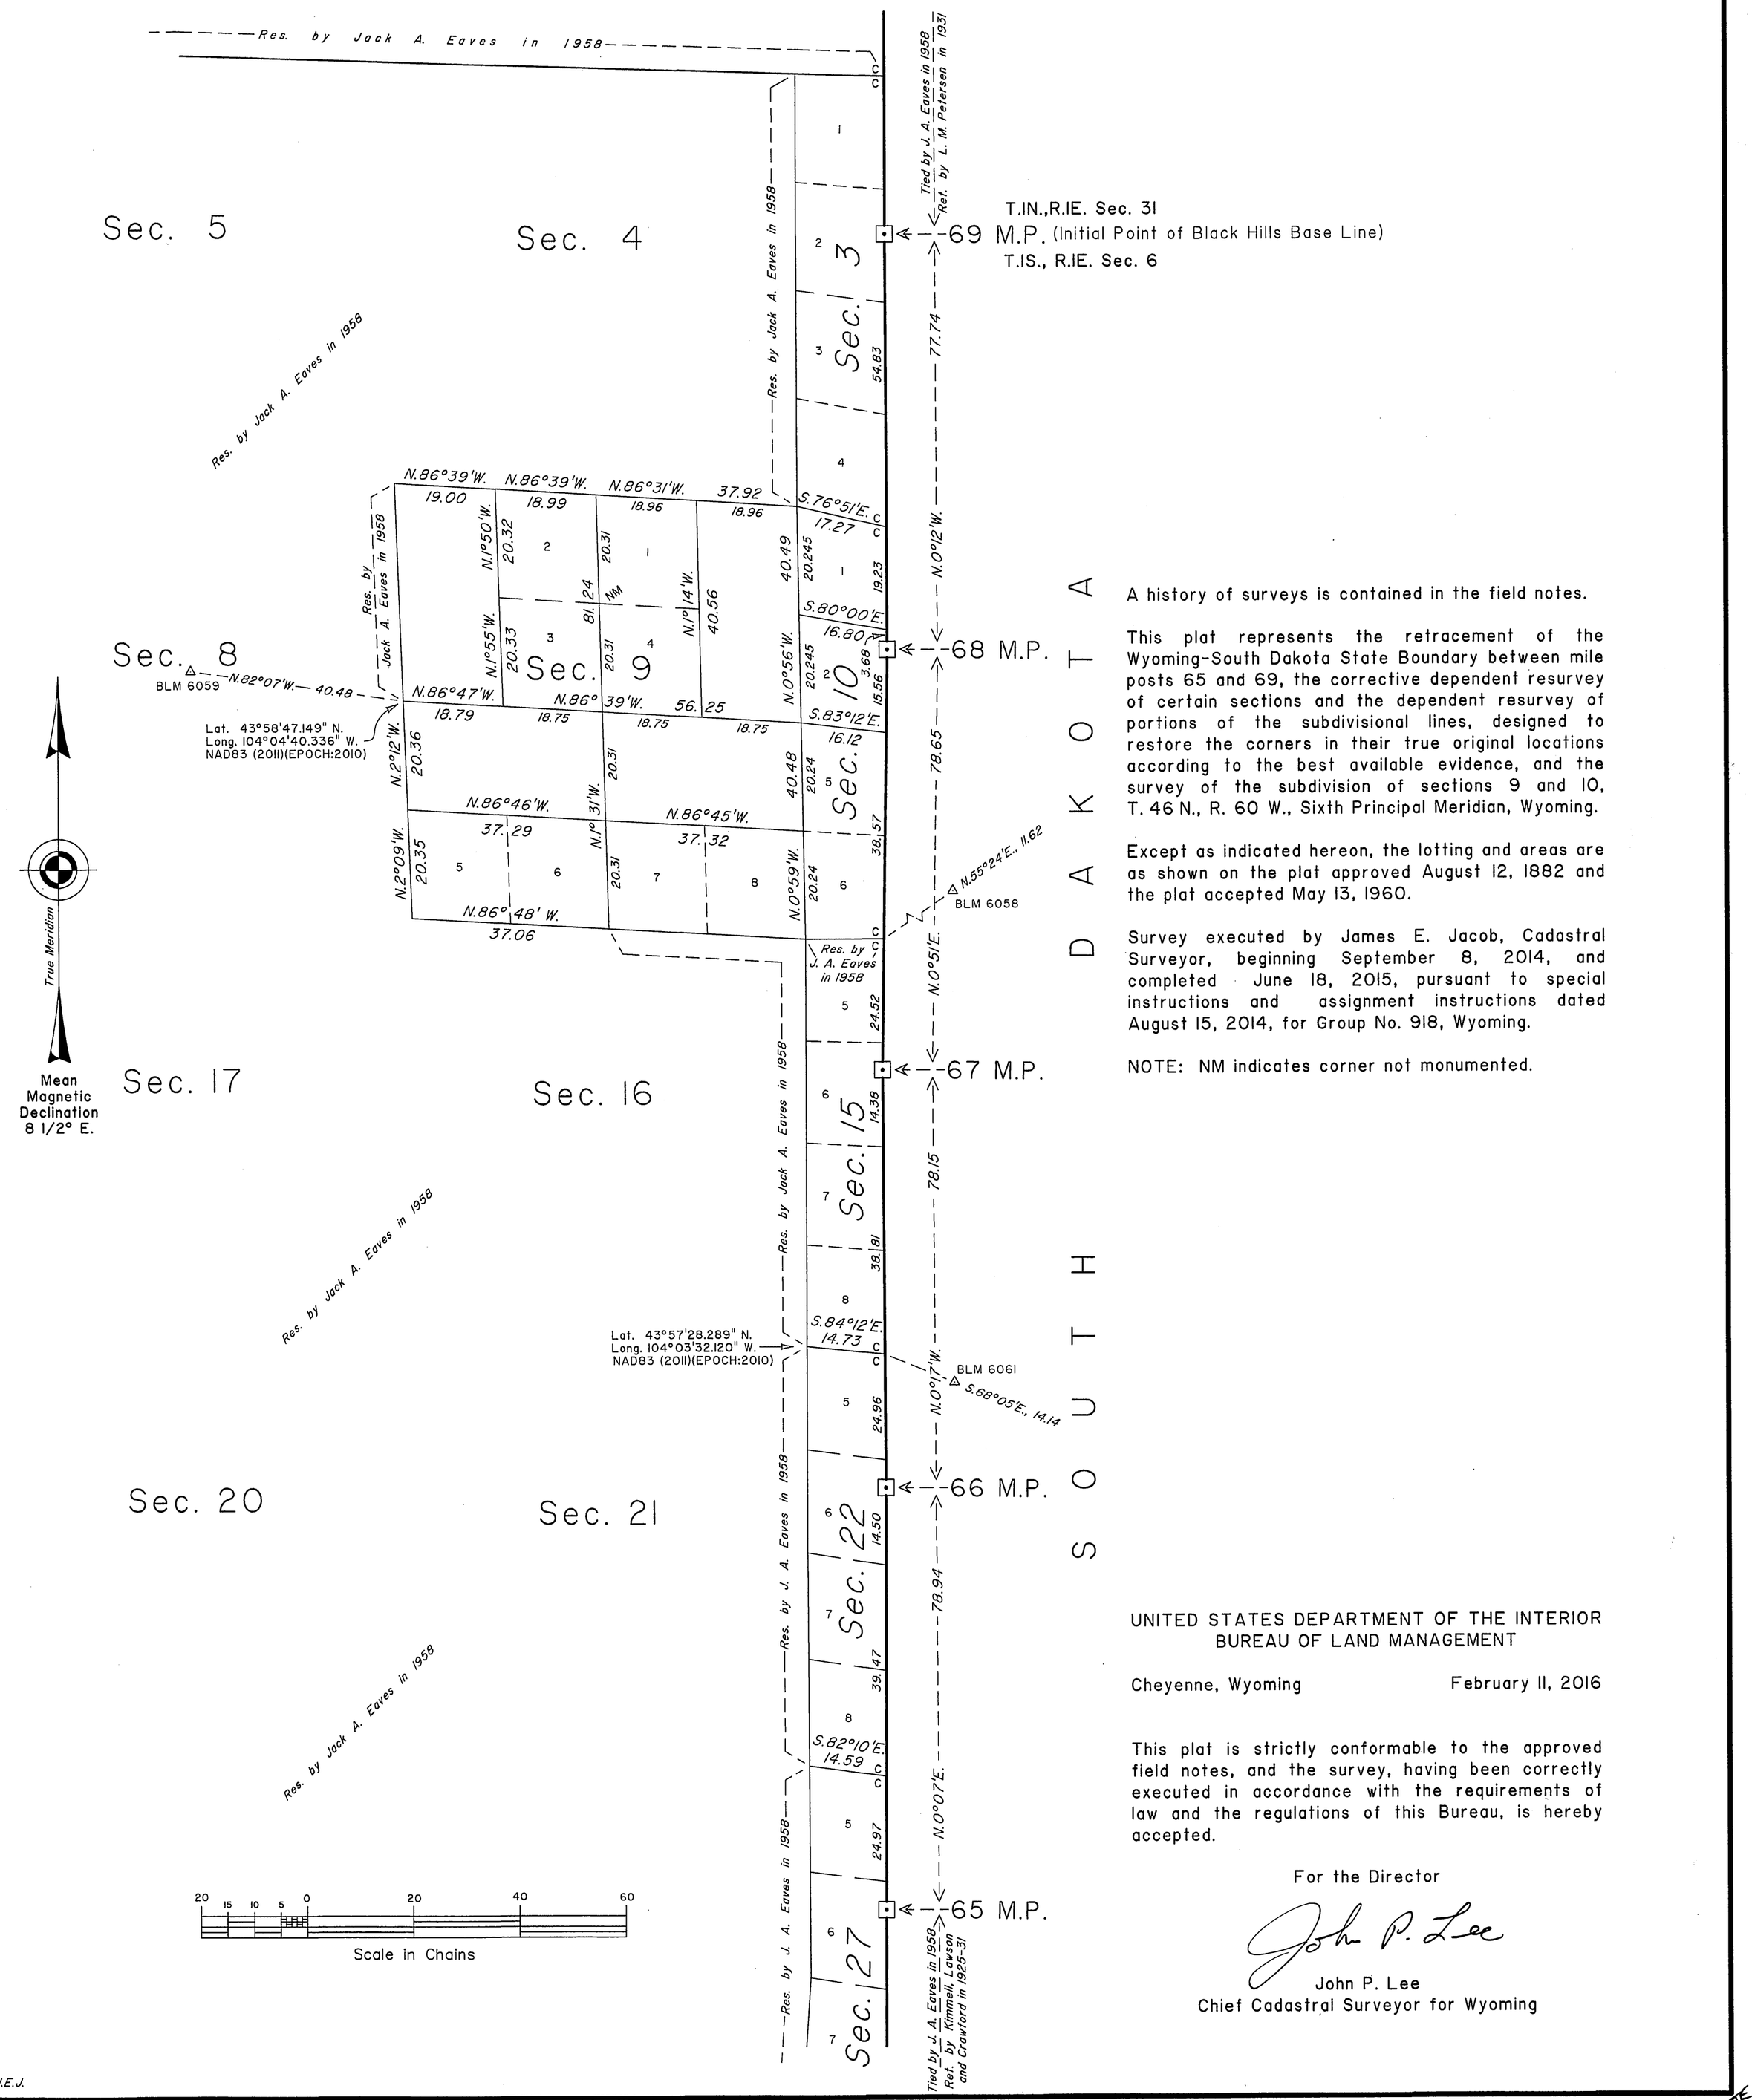
TOWNSHIP 46 NORTH, RANGE 60 WEST, OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING.

RETRACEMENT, DEPENDENT RESURVEY AND SURVEY



SOUTH DAKOTA

A history of surveys is contained in the field notes.

This plat represents the retracement of the Wyoming-South Dakota State Boundary between mile posts 65 and 69, the corrective dependent resurvey of certain sections and the dependent resurvey of portions of the subdivisional lines, designed to restore the corners in their true original locations according to the best available evidence, and the survey of the subdivision of sections 9 and 10, T. 46 N., R. 60 W., Sixth Principal Meridian, Wyoming.

Except as indicated hereon, the lotting and areas are as shown on the plat approved August 12, 1882 and the plat accepted May 13, 1960.

Survey executed by James E. Jacob, Cadastral Surveyor, beginning September 8, 2014, and completed June 18, 2015, pursuant to special instructions and assignment instructions dated August 15, 2014, for Group No. 918, Wyoming.

NOTE: NM indicates corner not monumented.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

Cheyenne, Wyoming — February 11, 2016

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

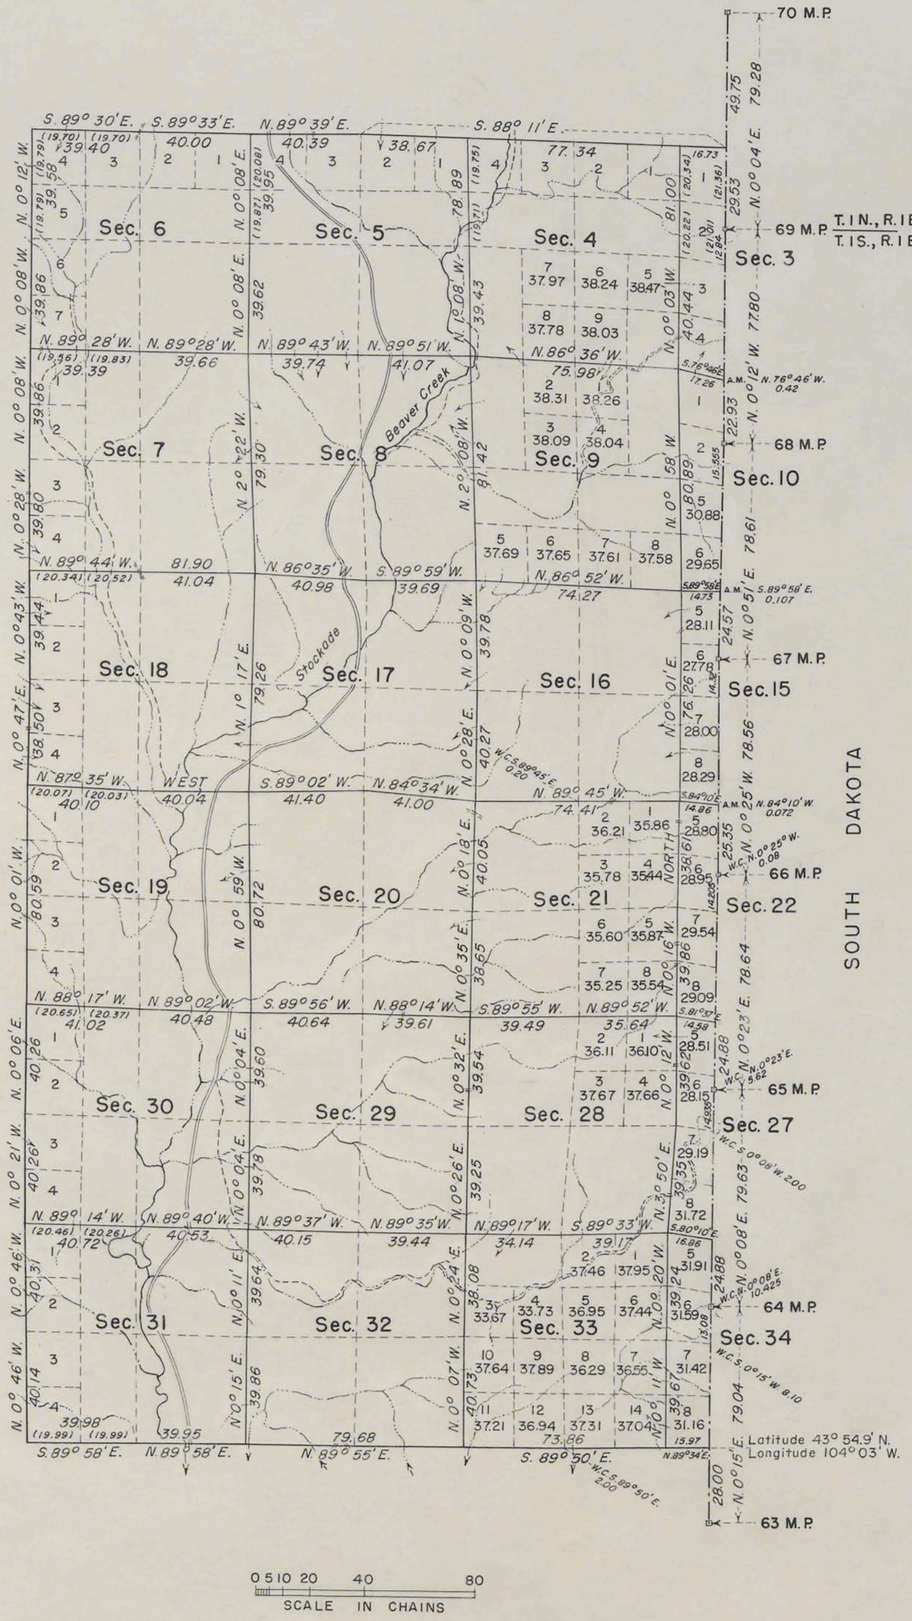
ORIGINAL

TOWNSHIP 46 NORTH, RANGE 60 WEST OF THE SIXTH PRINCIPAL MERIDIAN, WYOMING

DEPENDENT RESURVEY



Magnetic Declination
14° E.

Total area resurveyed: 12,144.74 acres

This plat represents a resurvey of the North and West boundaries and subdivisional lines with ties to the Wyoming-South Dakota State boundary of T. 46 N., R. 60 W. of the Sixth Principal Meridian, Wyoming, designed to restore the corners in their original locations according to the best available evidence. The lottings and areas are as shown upon the plat approved August 12, 1882, excepting as shown hereon.

The South boundary of the township was resurveyed by Allan E. Arnold and James A. Minnie in 1957. History of previous surveys is set forth in the field note record.

Topography within the township is based upon U. S. Geological Survey Quadrangle Newcastle, Wyoming-South Dakota (1958).

As shown hereon, the North and West boundaries and subdivisional lines with ties to the Wyoming-South Dakota State boundary were resurveyed by Jack A. Eaves, September 10, 1958 to October 31, 1958, under Special Instructions dated August 29, 1957, for Group 253, Wyoming.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Washington, D.C. May 13, 1960

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.
