Melba, ID 83641

November 12, 2012

Mr. Walt George
BLM Project Manager
Bureau of Land Management
P.O. Box 20879
Cheyenne, WY 82003

2012 NOV 19 AM 10:00
RECEIVED
DOI-BLM
CHEYENNE WY 82003

Dear Mr. George,

Enclosed are statements from many concerned property owners seriously affected by the proposed BLM Preferred Alternative Route (Segment 8B) of the Gateway West Transmission Line Project. Each person has noted they are seriously displeased, disappointed, and angry because after working closely with local officials at the BLM and Idaho Power for years it appears they have wasted their time.

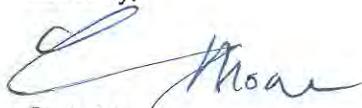

Commencing in 2008, a total collaborative effort was made by the private land owners, citizens, elected officials (local, county, and state), and the local BLM and Idaho Power officials to achieve a workable solution for locating 500KV transmission lines through the Morley Nelson Birds of Prey (NCA). In fact, it was shown on the Gateway West Transmission Line website as the preferred route until recently.

By refusing to change the currently proposed BLM Preferred Route hundreds of millions of dollars in damages will occur and victimize private property owners, counties, and cities. Do we no longer have a voice as property owners in the greatest country in the world? Please permit us to maintain the freedoms that permit private property ownership, and maintain the economic welfare of individuals who are sustained and earn a living by maintaining our beautiful farms, ranches, and dairies.

Collectively we urge the release of the Final Draft be delayed until a workable solution has been achieved by the BLM, IP, Elected Officials, and hundreds of concerned citizens.

PLEASE STOP AND LISTEN TO OUR CONCERNS!

Sincerely,

Craig Moore

C. Dale Willis, Jr.

Concerned Citizens – Gateway West Project

To: Secretary Salazar, Governor C.L. "Butch" Otter, Carl Rountree, Walt George, Senator Crapo, Senator Risch, Representative Labrador, Representative Simpson, Ada, Canyon, and Owyhee County Commissioners.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

To: Secretary Salazar, Governor C.L. "Butch" Otter, Carl Rountree, Walt George, Senator Crapo, Senator Risch, Representative Labrador, Representative Simpson, Ada, Canyon, and Owyhee County Commissioners.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

Melba, ID 83641

2012 DEC -4 AM 10: 00

RECEIVED
DOI-BLM
CHEYENNE WYOMING

November 29, 2012

Ken Salazar, Secretary of the U.S. Department of the Interior
1849 C Street N. W.
Washington DC, 20240

Dear Mr. Salazar,

Enclosed are additional statements from many concerned property owners seriously affected by the proposed BLM Preferred Alternative Route (Segment 8B) of the Gateway West Transmission Line Project. Each person has noted they are seriously displeased, disappointed, and angry because after working closely with local officials at the BLM and Idaho Power for years it appears they have wasted their time.

Commencing in 2008, a total collaborative effort was made by the private land owners, citizens, elected officials (local, county, and state), and the local BLM and Idaho Power officials to achieve a workable solution for locating 500KV transmission lines through the Morley Nelson Birds of Prey (NCA). In fact, it was shown on the Gateway West Transmission Line website as the preferred route until recently.

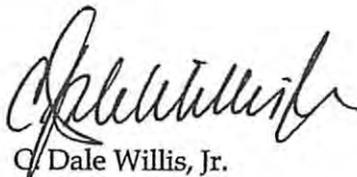

By refusing to change the currently proposed BLM Preferred Route hundreds of millions of dollars in damages will occur and victimize private property owners, counties, and cities. Do we no longer have a voice as property owners in the greatest country in the world? Please permit us to maintain the freedoms that permit private property ownership, and maintain the economic welfare of individuals who are sustained and earn a living by maintaining our beautiful farms, ranches, and dairies.

Collectively we urge the release of the Final Draft be delayed until a workable solution has been achieved by the BLM, IP, Elected Officials, and hundreds of concerned citizens.

PLEASE STOP AND LISTEN TO OUR CONCERNS!

Sincerely,

Craig Moore

Dale Willis, Jr.

As a property owner within the corridor area recently proposed to be arbitrarily amended in the Final Draft EIS for Gateway Transmission Line Project, I/we **STRONGLY DEMAND** that the collaborated routes which were found in the Preliminary Draft EIS be reinstated to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties. Idahoans do not deserve this treatment nor will we stand still for our Federal Government to disregard our lives, and the many cooperative hours we have had with the local BLM and Idaho Power Officials.

**“PLEASE DO THE RIGHT THING! The “Gateway West”
transmission line placement should be changed back to the State
PREFERRED ROUTE!!!!**

As a concerned property owner within the corridor area recently proposed to be arbitrarily amended in the final EIS Draft for the Gateway Transmission Line Project, I/we demand the collaborated routes, which were found in the Preliminary EIS Draft be reinstated, to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties.

Why should I/we suffer the consequences of individuals that are not an integral part of our community? Please do not allow the proposed transmission lines to ruin our private property along with our beautiful established communities. Our livelihood for farming, dairy farming, ranching, and development opportunities are at stake for the rest of this century and beyond.

Sincerely,

*Jerry and Ramona Sword

“PLEASE DO THE RIGHT THING! The “Gateway West” transmission line placement should be changed back to the State PREFERRED ROUTE!!!!

As a concerned property owner within the corridor area recently proposed to be arbitrarily amended in the final EIS Draft for the Gateway Transmission Line Project, I/we demand the collaborated routes, which were found in the Preliminary EIS Draft be reinstated, to go through The Morley Nelson Snake River Birds of Prey (NCA), instead of the beautiful private lands in Ada, Canyon, and Owyhee Counties.

Why should I/we suffer the consequences of individuals that are not an integral part of our community? Please do not allow the proposed transmission lines to ruin our private property along with our beautiful established communities. Our livelihood for farming, dairy farming, ranching, and development opportunities are at stake for the rest of this century and beyond.

Sincerely,

Craig Moore PO 14 Melba Id
