NPL EIS

I would like to make a comment on the proposed NPL EIS.

Encana Natural Gas has been a major contributor to economic growth in Wyoming. The NPL develop would provide continued long term stable employment for Sublette county and Sweetwater county.

A smooth transition from Jonah to the NPL would stabilize the work force so there is not the Boom and Bust cycles as seen in the past.

There are more than 1,100 workers for Encana across Wyoming, we need to maintain jobs in Wyoming A steady supply of natural gas is needed for our country.

Encana pays a large amount of taxes, Lets keep those taxes coming in for the schools and the county.

Thanks
